PHNOM PENH PORT COMPLEX

The Phnom Penh Port Facilities not only serve the national capital, but are a major transshipment point along the Mekong River. The berthing facilities, cargo handling equipment, and storage are limited, probably because of the major emphasis on the expansion of Sihanoukville, Cambodia's major deep water port. The Phnom Penh Naval Base is located 1.0 nm east of Phnom Penh.

Along the Tonle Sap at Phnom Penh.

Facilities include 1 offshore wharf, 4 offshore floating wharves, 3 small T-head piers, 2 POL piers, 1 longitudinal finger pier, approximately 26 buildings of sufficient size to serve as warehouses/transit sheds, 2 small POL storage depots, and a small railyard adjacent to the longitudinal pier.

On the west bank of the Mekong River on the Chrui Changvar approximately 1.0 nm east of Phnom Penh.

This installation is Cambodia's second most important naval base, capable of providing logistic support and limited repairs to the units normally based at Phnom Penh.

Facilities include 1 T-head pier, 2 quays, 2 small marine railways, 5 storage buildings, 1 H-shaped administration building, and 9 additional support buildings.
